

## Planning decisions April 2021 by planning committee

---

21/501391/LDCEX	Land On South Side Of Lenham Heath Road Lenham Heath Maidstone Kent	From the evidence included with the application it is apparent that at least one sign has not been in place for the duration of the period claimed, rather the signs have been removed and replaced by different signs during the period claimed for the established use. In the view of the Parish Council therefore on the facts of this case it is a evident that the established use for one sign should not be granted.
